COVID-19 DISINFECTION

Thank you for partnering with us to clean your commercial property. All of our customers are facing unique business challenges ahead as we are continuing to serve as a trusted resource for your cleaning and disinfection needs. As your property considers how to reopen or expand essential services, we want remind you that Maintenance, Inc. & Subsidiaries can provide disinfection and touchpoint services.

Maintenance, Inc. has developed our disinfection protocols based on guidance published by the CDC. OSHA and EPA specific to SARS-CoV-2 or better known COVID-19 novel virus. We are constantly working with our chemical suppliers, professional associations BSCAI, ISSA, BOMA and the latest federal guidance being published to bring you practical and effective solutions for disinfecting. We are experienced in disinfecting facilities that have experienced confirmed positive cases and follow CDC guidelines.

We can provide you additional disinfecting services either as a one time or reoccurring using EPA approved disinfectant designed for your property which may include:

TOUCHPOINT SURFACE CLEANING

DEEP CLEAN DISINFECTION

Areas to consider Touchpoint disinfection schedule:

Break Rooms, Lobbies, Escalators, Doors, Stairwells, Office Desks, Elevators, Light Switches, Furniture, Touchpads, Point of Sale and others. Deep Clean Disinfections include all touchpoint surfaces, hard surfaces, carpet and furniture with specialized equipment in a zone or an entire facility.

Maintenance Inc. is utilizing only hospital grade disinfectants included on EPA List N: Disinfectants for use against SARS-CoV2 Coronavirus Disease 2019.

<https://www.epa.gov/pesticide-registration/list-n-disinfectants-use-against-sars-cov-2> Each disinfectant is applied with the required equipment and dwell times for the surface being disinfected. All of our staff are trained in COVID-19 procedures for the disinfection/sanitizing of the surface and proper equipment usage and cleaning to prevent cross contamination. Staff will utilize the required personal protection equipment and follow proper PPE disposal procedures.

Protect your staff and customers by asking today about an additional disinfecting service schedule from Maintenance, Inc. and Subsidiaries. We will be happy to connect you to a Maintenance Subsidiary in your service area. They are also listed under the Contact Us Directory of Locations on the website. www.maintenanceinc.net
